PRODUCT INFORMATION

SPECIFICATIONS

Standard Thickness	1.25 mm (±10%)
Standard Size	8' x 4

PRODUCT TOLERANCE

Thickness	± 0.05 mm
Squareness	0.5 % of Length & Width
Size	± 0.01 %

* Batch wise colours may vary. To ensure colour consistency, the total project requirement should be placed in one order.

- **RANGE** : These laminates comes in a wide range of designs & colours.
- **ADHESIVE** : These laminates are easy to apply with the laminating system, including most of the conventional adhesives normally used with plastic laminates such as many water based and solvent based like fevicol pro-bond. we do not recommend the use of heat activated adhesives.

We do not recommend any kind of coat like PU base melamine, lamination (wax) on our products. These products are manufactured from natural resources. Therefore this application will spoil the originality and natural beauty of the laminate sheet.
- **CUTTING & MACHINING** : These laminates can be cut, routed and drilled, with most standard wood working tools or equipments. All blades must be sharp. To remove any burrs that may occur in the cutting process, we recommend the use of smooth file to feather all corner edges.
- **BENDING AND FORMING** : These laminates can be bend and all radius bending should be handled in the same manner as all grades of non post forming decorative laminates.

Kindly use special Blade to bend the sheets at 90. for any difficulty please contact SPARROW.

- **MAINTENANCE** : any cleaning agent containing, Alkalies or abrasive should not be used to clean the laminate. exposure to sunlight should be avoided

Kindly Remove The Protective Film Within 5 Days of Installation
