

THE WORLD'S BEST PICTURESQUE PERFORMER
FOR BATH SPACE

OSIS[®]
THE ULTIMATE SOLUTION

DELIVERING THE VALUE
OF BEAUTY, HYGIENE
AND CONVENIENCE
FOR BATH SPACE

MAKE IN INDIA

LEADING THE WAY INTO HONORED WITH QUALITY BRAND

Luxury knows no limit. It is not confined to the wheels we drive or to our drawing rooms and bedrooms. It has also reached the bathrooms.

Today, people want to surround themselves with luxury every moment. Bathco Earthenware is fuel to their desire. By offering world-class bath amenities, Bathco is feeding the souls of its customers with luxury.

Bathco was inception with a vision to infuse class and finesse in every aspect of the lives of people. Bathrooms, which are often not subjected to luxury, are now seen in a new light and the credit goes to Bathco.

AN OVERVIEW

We, at Bathco, offer complete bathroom solutions that are simply class apart. We have infused mystique in our products and have given a glamorous twist to the simple bath spaces. All our products, be it a washbasin or a toilet bowl or Urinals, define grandeur.

In terms of quality, we are par excellence. All the products manufactured at Bathco under our name are crafted with fine measures. We use the finest quality raw materials that are thoroughly scrutinized and certified. They are produced as per the strict ISO standard.

We believe that where all the major aspects of our lives are governed by technology, why leave bathrooms behind? Hence, we bring in use, the latest technologies to bring together all these products. The final result, ie our bathroom products, displays the use of advanced German technology.

Our Clientele

Our client base is not restricted to one nation. We extend our services to every corner of this world. There are several countries that use our products and unmatched services. We export our superlative products to more than Twenty countries, Hundreds and thousands of bathrooms in gulf countries, South european countries and african countries are adorned with bathco products we have separate facilities to govern the export sector. Our team takes care of export and related documentation so that our clients can relish a luxury experience in their bathrooms.

Mission

Our mission is to extend our services to the classes and the masses. we commenced with a mission to imbue splendour in the bathrooms of a common man and so far, We have succeeded. We still embark on a mission to stretch out our services to reach every household. We are adamant at giving a lavish bathroom experience to every single person in the world.

Vision

In the coming few years, We see ourselves as the leading manufacturer of sanitaryware and allied products. We are a leading name in the tile industry and want to take the legacy forward for hundreds of years. We see ourselves as curators of elite bathroom spaces for years to come. "Luxury will be always around, No matter what happens in the world carolina herra." Bathco has made it possible for you to surround yourself with finesse and luxury. Even when you are in the precinct of your bathroom.

From The Chairman Desk

Integrity is Integral

Ensuring heritage of ethical standards such as conduct of business, honesty, loyalty and core Values, miss presentations or regulations in business transaction must be avoided. Its applies equally to within the organization as well as relationship with other parties.

At BATHCO, We ensure you an experience enriched with luxurious lifestyle

Certificate

A rimless toilet is simply a toilet without a traditional rim. Instead of water flowing into the bowl all the way round the rim, a direct flush technique shoots water around the edge of a smooth pan. As there is no rim, rimless toilets are easy to clean and more hygienic than a traditional toilet.

HOW IT WORK

- * Large water surface offers easy cleaning
- * Extra large siphon jet for maximum power
- * Elegant skirted design offers easy cleaning
- * Large computer designed, fully glazed trap way reduces clogging

WHAT ARE SIPHONIC CLOSETS?

A Siphonic Closets have a long and narrow 'S' shaped trap way. The one end as the inlet in the bowl, and the other connected to the drain pipe underneath the bowl. Siphonic Closets have a larger water area and a deeper seal than normal wash-down types. This design is done by the shape of the trap way acting as a siphon. The usage of their silent and positive action with sophisticated technology, we manufacturing Siphonic Closets with using high grade raw material.

HOW DOES SIPHONIC CLOSETS WORKS?

A flush begins with pulling the lever or pushing a flush button, the flush valve opens that lets the tank water flow into the bowl. In the subject to a siphonic Closets, typically you will see water rising in the bowl and then sinking rapidly into the bowl outlet. What actually happens is that the water is flowing out faster from the tank and tries to exit the bowl immediately. This happens usually due to the large flush valve diameter than the trap way. When water exits through the trap way, it forms a vacuum by displacing the air inside and it flows over the kink in trap way when the siphon begins to work. You can notice this when water in the closets bowl stops rising and starts decreasing. At the end of the flush, you will hear a sound of babbling, that's when the vacuum is broken and stops the siphon. The bowl then gets filled with remains water and a refill in the tank starts for the next flush. So, this is basically how a Siphonic closets works.

PARTICULARS	I.S.I REQUIREMENTS	OUR VALUE
WATER ABSORPTION	< 0.05%	< 0.025%
MODULUS OF RUPTURE	> 600 N/CMT ²	750 N/CMT ²
CORROSION RESISTANCE (STANDARD PRACTICE OF 3.17 N/CMT ² FOR 4 HRS)	NO CRACKING UPTO TWO CYCLES	NO CRACKING UPTO FOUR CYCLES
MAINTAINED THICKNESS	SHOULD BE 10.0 MM AT ANY AREA	> 7.0 MM AT ANY AREA
WARRPAGE	WARPAGE SHOULD NOT EXCEED SPECIFIED LIMIT	WELL WITHIN PERMISSIBLE RANGE
THICKNESS OF GLAZE AT ANY PLACE	(NOT SPECIFIED)	400 MICRONS (3.0 MM)
SURFACE QUALITY	NO WARMY FEEL ON VISIBLE SURFACE	NO WARMY APPEARANCE
DISCOLOURATION	NONE ON VISIBLE SURFACE	NONE
RESISTANCE TO CHEMICALS	SHOULD BE RESISTANT TO ALL HOUSE HOLD CHEMICALS	PASSES
RESISTANCE TO STAINS AND BURNS	NO STAIN SHOULD REMAIN ON TESTING	PASSES

ITEM	PROBLEM	PROBABLE REASONS	CORRECTIVE ACTIONS
One piece Closet	1. Water not coming in bowl area while flushing	Water line not closed properly	Before installation check the incoming as well as out going line
		Misfunctioning of Mechanism inside tank	Change the mechanism
		No water in the flush tank	Raise the height change rib to the max. level
	2. Leaking of water in bowl area	Flush button is locked	Release the push button
		Flimsiness of mechanism and part and outlet of tank not fixed properly.	After opening the mechanism check the flimsiness
Wid flung water closet	3. Insufficient water quantity for effective flushing	Misfunctioning of Mechanism inside tank	Change the mechanism
		Height change rib adjusted at bowl level	Closet is not leveled properly
	4. Unseen flow of water from both side of closet	Raise the height change rib to the max. level	Level the closet properly
	1. Water not coming in bowl area while flushing	Flush valve / connected system is not working properly	Change flush valve / connected system
		Flush pipe is not inserted up the end of inlet hole	Insert the flush pipe upto the end of inlet
Wash Basin/ Toilet Trap	2. Leaking of water in bowl area	Closet is not levelled	Level the closet properly
	3. Insufficient water quantity for effective flushing	Connection between closet outlet and drainage pipe is improper	Engage experienced plumber for proper connection
	1. Overflow checked and but small	Full threaded water coupling might be in use.	Replace it by rib cut coupling
		Bracket and basin flang may be the reason	Leveling to be checked and rectified
	3. No top hole in the basin	Top hole is semi punched form back side	Call plumber and open up the semi punched hole
BWC/Plav/ Trigle Indian	1. Water not coming in bowl area while flushing	Flush bend is not inserted up to the end of inlet hole	Insert the flush pipe upto the end of inlet
		Leveling issue	To be levelled properly
